

16M EARTH STATION ANTENNAS

ANTESKY has a selected range of VSAT antenna (Ku-Band, C-Band, Ka-Band), NWIEE antenna, Earth Station Antenna Control System and Tracking Systems.

ANTESKY have developed Satellite communication earth stations 16m antennas C/ku band antenna with high performance in reception or in satellite communication reception/transmission. This type of antenna is in compliance with FCC 81-704 and 2° between two satellites in international satellite organization rules.

Optional:

2-port, 3-port, 4- port T/R liner polarization and/or circular polarization;
Manual or motor-driven azimuth, elevation and polarization system with control and readouts.
