

## Advantech L-Band to C-Band Block Converter

|                    |   |
|--------------------|---|
| <b>MODEL</b>       | Advantech 100-UC1000-000                  |
| <b>PART NO</b>     |   |
| <b>DESCRIPTION</b> | L-Band input and standard C-Band Transmit |
| <b>FREQUENCY</b>   |   |

**COMMENTS:** Takes the output of an L-Band modem and converts the IF frequency to standard C-Band transmission frequencies for input to a TWTA or SSPA amplifier. The L-Band input connector is F-female and the RF output connector is N-Female.
